NUMBER 21.

## KOLOB CAMP IS DULY INSTITUTED

Woodmen of the World is First Fraternal Society to Obtain Membership Here.

## BANQUET WEDNESDAY NIGHT WAS BIG SUCCESS

Officers Duly Elected and Camp No. 867 Starts Off With Representative Membership of Over Fifty.

Last Monday evening at 8 o'clock in the Relief Society building, the instituting rites and ceremonies of the Woodmen of the World, Kolob Camp No. 867 were held, and the camp was organized and started off with a representative membership of 50 neighbors. Revision Manager Robert Runzel of Salt Lake, who has spent the past month here promoting the camp, had charge of the instituting and organization.

The following officers were elected: Past Consul Commander, Chas. S. Wilkinson. Consul Commander, E. H. Ryan. Adviser Lieutenant, Dr. M. J. Macfarlane.

Clerk, Parley Dalley. Banker, David Sharp, Jr. Board of Managers—18 months term, Dr. Robt. A. Thorley; 12 months term, Myron F. Higbee; 6 months term, W. G. Woolley. Escott, Robert S. Gardner. Watchman, Clyde Cannon. Sentry, Moroni Urie. Physicians, Dr. A. N. Leonard and Dr. M. J. Macfarlane.

Everything went off smoothly and without a hitch, except that some of the members were tardy getting out which cut the time short allowed for instituting and necessitated rather more haste than was desirable.

At the close of the meeting the members repaired to the Thorley Theatre, where the ladies of the members were waiting, and all formed a procession and marched to the Library auditorium, where a banquet was served by Neighbor H. L. Woolley of the Cossy Corner bakery and cafe.

The waits between and preceding "acts" were enlivened by musical selections from the New Edison, including some of the world's greatest masterpieces, by remarks from members and the recital of patriotic songs and poems by Neighbor Runzel.

Consul Commander E. H. Ryan presided at the function and acted as master of ceremonies. Remarks were made by Neighbors A. N. Leonard, C. S. Rice, Robert Runzel, C. S. Wilkinson and E. H. Ryan.

The tables were prettily decorated with green vines, etc. A large block of wood, surmounted by an ax, the emblems of the order, occupied a conspicuous position in the banquet hall.

The following revision of George R. Morris's poem, "Woodman Spare That Tree" was the conclusion of a paper by C. S. Wilkinson:

### WOODMEN FALL THAT TREE.

O, Woodmen, fall that tree;  
Waste not a single bough;  
It's usefulness I see,  
Mind, all together now!  
"Twill make us sturdy ships  
To sail upon the sea;  
The password's on our lips—  
"Make way for Liberty."  
For airplanes, too, it's good  
And many kinds of boat;  
Its straight and sturdy wood  
Will get the Kaiser's goat.  
Then neighbors, pat we'll stand,  
Our wood we freely give,  
To protect our cherished land  
And free all men who live.  
Though Kolob camp is small  
And young and also green,  
They need not fear at all—  
We'll do our part, I ween.  
Our members do not lack  
True patriotism's mark:  
McDonough's on the track  
And shortly will embark.  
Let others will be called  
To face the boastful Hun.  
The Germans must be mauled—  
Our fight has just begun.  
But when the war is o'er,  
And snow-white doves of peace  
Across our country soar  
And the cruel slaughters cease,

## GRADUATION AT THE JUNIOR HIGH

Appropriate Program Rendered in B. A. C. Auditorium Last Week Thursday Evening.

Last week Thursday the graduating exercises of the Cedar City Junior High School were held in the auditorium of the B. A. C. at 8:30 p. m. There was a large number of parents and other citizens and students in attendance. The exercises were presided over by Principal Sharp, and the following program was rendered: Selection: School Orchestra. Prayer: O. P. W. Bergstrom. Spring Blossoms: School Chorus. Place of the Youth in the World War: Thelma Brown. Trombone Duet: Leland Perry and Mr. Frisby. Our First Year in the War: Rolon Wood. Looking Into the Future: Karl Gardner, Jane Lewis. Hoe Your Little Bit: School Chorus. Address to Graduates: L. John Nuttall. Presentation of diplomas: Pres. U. T. Jones. Dear School, We'll Remember Thee: School Chorus.

Following is the list of graduates: Clara Bulloch, Selena Nelson, Jennie Middleton, Leo Palmer, Wallace Houchen, Leland Perry, Jane Lewis, Naomi Nelson, Fern Froyd, Rulon Wood, Karl Gardner, Ruth Cox, Thelma Brown and Ada Melling.

The Record is forced to admit a misfortunate accident by which we have misplaced or destroyed the balance of our account of the recent stake conference, a condition which was not discovered until too late to be rectified or repaired for this issue. We will give a synopsis of the concluding meeting, including the financial report of the cost of construction of the Parowan chapel, its dedication, etc., in our next issue.

## TEST PLOT SEED TO BE HAND SELECTED

SELECTION. All seed for test plots must be hand selected for freedom from fusarium wilt and large spots of rhizoctonia. Cut slices not over one-eighth inch from the stem of the potato. Reject all potatoes showing infection. Treat selected seed thus: SOLUTION. Have the corrosive sublimate put in two ounce package. Dissolve two ounces of this in 15 gallons of water or four ounces in 30 gallons of water. Measure the quantities, DO NOT GUESS AT THEM. Make the solution in a wooden barrel or tub and stir with a wooden paddle.

SOAK the selected seed for one and one-half hours. Each batch of the solution is good to treat not more than four batches of potatoes. It becomes weak and is useless after. GREEN the potatoes for a few days before planting. If sets are used make them of good size and plant soon after they are cut. This treatment will kill both scab and rhizoctonia.

Plant as much of the field as possible with the selected seed, marking the field at time of planting so as to be able to keep track of the different lots. A few rows of bin run seed should be planted as a check. This should not be treated.

Remember that your fields will be visited by neighbors.

God grant our neighbors all,  
Our sons and brothers, too,  
May escape the awful pall  
And each return to you.

The banquet lasted until after midnight and the participants returned to their homes well pleased with the beginning of the new organization in Cedar City, which is expected to be a potent factor both in social and civic affairs in Cedar City.

The next meeting of the came will be held next Tuesday night, when considerable unfinished business of importance is to be taken up.

It is expected that social functions of some kind will be held about once each month.

The Woodmen of the World is the only fraternal order having an organization in this county.

MARJORIE DODGE WARNER

Noted Soprano who will sing in Cedar City. Parowan and St. George May 13, 14 and 15.

## CHOICE VARIETIES OF NAVY BEANS

State Food Commission Has Large Quantity of Approved Seed Beans for Distribution.

The following letter was addressed to all County Agricultural agents of the State by the United States Food Commission for Utah, under date of April 29, 1918:

Gentlemen—I am sending you under separate cover samples of improved navy beans. We have a considerable quantity of this stock and wish to introduce it generally over the state. If we are going to establish a reputation as a bean producing state, we must have the varieties which are commercially recognized and command a ready market. Both these varieties of beans are highly recommended by the canners of "Pork and Beans." Both samples are Utah grown stock.

With reference to the Michigan Pea beans, market sample No. 100: They have seven points of merit—productiveness, whiteness, small size, uniformity of size, upright growth, and fine quality. They should be sown at the rate of about 35 pounds to the acre. The plants grow upright and bear the pods well up from the ground, thus keeping away from the soil and are easily gathered and cleaned. They are a distinct improvement over the varieties commonly grown, which produce large vines and make it difficult to handle and harvest.

The price of these beans will be 20c. per pound for sample No. 100 and 17½c. per pound for sample No. 200.

Call at County Agent's office and see the samples and make careful selection before planting.—Alma Esplin.

Dr. and Mrs. Ernest Green came in last evening from Salt Lake City, making the trip through in their Studebaker car. They report a very enjoyable trip, and the roads in excellent condition. They were a day and a half driving through, and did not hurry. The doctor will spend a few days here looking after interests and visiting with friends. He states that the development of the coal property in which he has large interests still, is going ahead and will be pushed to a successful conclusion.

Dr. M. J. Macfarlane left for Salt Lake City this afternoon to consult with representatives of the War Department, it is understood, in relation to conditions and requirements of the medical service in the army.

## HOME ECONOMICS CLUB MAKES GOOD

Demonstration Committee Makes an Interesting Report to the Cedar City Council, As Follows:

To the Honorable Mayor and Council of Cedar City, Utah:

About a year ago now a committee from the Home Economic Club met with you and asked for a contribution of \$100.00 for conservation purposes. The vegetables, fruits, etc., conserved were to be disposed of in any manner that our Government should direct.

The amount was cheerfully granted and a jocular remark made by a member of the Council to come back again when we had made good. We have made good as our figures will show and we wish to express to you our sincerest appreciation for having made our success possible by advancing the necessary cash.

Of the \$100.00 received, \$25.00 was turned to the Boys and Girls Club and the remaining \$75.00 was spent for sugar and bottles, the only fruit purchased being one case of raspberries. Many people contributed who were not members.

Last week a call came from Uncle Sam for jellies, jams and dried fruits. The Club responded with 64½ quarts of jellies, etc., and about 50 pounds of dried corn and vegetables, which at retail prices and cost of containers would amount to about \$67.70. We donated for charity purposes \$8.95, making a total donation of \$76.65.

In order to relieve transportation and supply demands locally, both of containers and fruit, we were asked, through our county demonstrator, to place all bottled goods on local markets. About 900 quarts, selling from 10 to 40 cents were placed with our merchants.

At our last board meeting this committee was authorized to purchase a Liberty Bond of \$100.00 from the proceeds, and to have the same transferred to the City Council, thus we have been able to serve our country in a two-fold manner. We have given our town double service by placing fruit and containers at a much greater reduction than could be had by imported products.

By advertising in the way of exhibition at our County and State fairs, we leave to our club all the bottles or their equivalent in credit, a \$25.00 oil painting and a bank credit of \$23.00. So the \$75.00 together with \$15.75 from the treasury and \$6 returned from the Boys and Girls club has earned us this much during the year:

Jams, jellies, etc.	\$ 76.65
Fruits and containers at stores	172.10
Bank credit for prizes rec'd at State Fair	14.00
Oil painting, prize on dried products	25.00
Total	\$287.75
Red Cross Jellies sent	\$ 67.70
Charitable donations	8.95
Liberty Loan Bond	100.00
Returned for bottles	62.90
Oil painting	25.00
Cash at Bank	14.00
Credit at stores	9.20
Total	\$287.75

All the peaches were put up by the ladies of Hurricane under the direction of Mrs. Isom, so they share proportionately in conservation work and in Liberty Loan bond.

As our club may not be in existence at maturity of bond we are especially pleased to tender it to our city's credit, as a material evidence of our appreciation for their help.

Feeling assured that should we need further assistance we could obtain it in the same manner as before, we are,

Respectfully yours,  
MRS. E. H. RYAN,  
MRS. ROY F. HOMER,  
MRS. FRANK THORLEY,  
MRS. RENA MAYCOCK,  
Demonstration Committee.

Dr. A. N. Leonard returned from Salt Lake Wednesday and reports Mr. S. J. Foster recovering rapidly from his operation for appendicitis, which he underwent at the L. D. S. Hospital the first of the week. There was a suggestion of other complications, it was thought by some of the physicians, but this proved unfounded and a simple appendicitis operation was performed. Mr. Foster may be expected home within a few days.

Last Wednesday Mrs. Sarah Fife of California, who has been visiting with her mother, Mrs. Zelpha Urie, of this city, left for Oregon to join her husband, who has a government position there. Mrs. Fife was accompanied by her cousin, Miss Mary Bergstrom, who intends to spend the summer there.

## ANOTHER BIG TREAT IS COMING

Marjorie Dodge Warner to Sing Again in Southern Utah Communities.

## OPPORTUNITY NOBODY CAN AFFORD TO MISS

Mrs. Warner is One of Foremost Sopranos in the United States and Has Successfully Toured Big Cities.

Those who had the pleasure of hearing Mrs. Marjorie Dodge Warner at her appearance here last summer at the close of the Summer School of Music will be delighted to learn that arrangements have been perfected for another recital to be given here on Monday, the 13th inst. Mrs. Warner is without question one of the most talented and pleasing soprano soloists in the United States or the entire world. Since her last appearance here Mrs. Warner has traveled quite extensively throughout the eastern part of the United States giving recitals in the principal cities, and the following are only a few of the comments of the press which have followed in her wake:

The sensation of the evening was the singing of Mrs. Marjorie Dodge Warner, the soprano. She has a voice perfectly balanced, and pure and clear in quality. Repeatedly she sang to a flat with the utmost ease, the tone, full and perfectly true, rolling out easily and always with a reserve that left one feeling there was no effort, that there was always plenty of voice back of it. She gave the cry "Hawatha. Hiawatha" with a strong dramatic and thrilling effect that touched every one. Seldom is a voice heard that is more dramatically adapted to such a wish.

It was fortunate for the audience that in the selection of the solosists the Musikverein found one so pleasing and satisfactory as Mrs. Warner.—The Indianapolis News, Indianapolis, Ind.

Mrs. Warner proved herself equal to all demands. She is a most competent, confident singer, who lands on high and low notes alike, with unerring aim. The comely little lady's tone is of the brilliant quality that plows its way through brass and strings and triumphs over the bravest efforts of the chorus.—St. Louis Star.

Mrs. Warner's voice is of a vibrant timbre which makes its high notes seem powerful, and enabled them to be heard above chorus and orchestra. She pleased the audience, as its applause showed, with all her numbers, and particularly in the duet for soprano and mezzo-soprano, "Recordare, Jesu Pie," and the fine concluding number, "Libera Me," for soprano and chorus.—St. Louis Post Dispatch.

The soloist for the evening, Marjorie Dodge Warner, was a stranger to the audience, and, so far as is known, a stranger to Cleveland. Be that as it may, we are likely to hear a good deal more of Mrs. Warner in the future. She possesses many and admirable gifts; a clear, bell-like voice, that is brilliant in the upper register and expressive in the medium—an all too rare combination—good control of her vocal resources, and powers of interpretation that cover a wide range of the varied phases of song. The air from Charpentier's "Louise" was beautifully done, as was also an exceptionally well selected group of American songs. Two lyrics of Wolf-Ferrari were charmingly sung, the first, a plaintive and haunting melody, being a well-nigh perfect bit of vocalism. Mrs. Warner delighted her hearers, and was generously applauded.—Cleveland Plain Dealer.

Mrs. Warner won the favor of the audience by her brilliant tone quality and temperamental interpretation of her several songs
